I want to truly thank you from the bottom of my heart for being my financial advisor. You have taught me so much in just so little time and I greatly appreciate it. The very first thing that showed me you knew what you were doing was my tax return in 2009, I was amaze at the time it took for you to complete it and how much cheaper you were compared to others (I once paid \$350.00 for my tax returns, never again).
