Registered Tax Return Preparer Test Results

Xavier Neal Epps

Test Date: December 6, 2011
File Number: 776183
Test Center: 5365

Result : Passing Score

Congratulations! You were successful in achieving a passing score on the IRS Registered Tax Return Preparer competency test.

Candidates that pass the test are not provided with a score, but your score was within the passing score range from 350 to 500.

Your Preparer Tax Identification Number (PTIN) account will be updated in 7-10 business days to reflect that you have passed the test.

Please be aware that passing the competency test does not allow you to hold yourself out as a Registered Tax Return Preparer. You must also pass a tax compliance check. IRS will run a tax compliance check on your behalf and will notify you of any discrepancies in the results. You will be sent a Registered Tax Return Preparer certificate when your designation is official.

Note: The IRS is considering requiring certain tax return preparers to also undergo a background check as part of the PTIN requirements. If it is determined you need to undergo a background in the future, the IRS will contact you with instructions. For additional information about these requirements, go to www.irs.gov/ptin.

If you have questions, please call us at 1-855-IRS-EXAM (477-3926) or visit www.irs.gov/ptin.

Congratulations on this achievement.
